

Share Your Story

We would love to hear how you have used The Schools' Observatory in your classroom or school. Use this form to tell us what you did, what worked well, and what impact it had.

About You

Name:

School:

Location (Country/City):

What age group(s) took part?

What Did You Do?

When did the activity or project happen? What was the theme?

Which of Our Resources Did You Use? How Did You Use Them?

What Did Pupils Do or Create? What Was The Impact?

*Did they make something, write stories, build models? How did they respond?
Did it spark excitement? Help staff? Make science more fun or easier to teach?*

Anything Else You Would Like Us to Know About This Event?

You're welcome to share photos, student quotes, or examples of work. If any photos show pupils, please tick the box below to confirm you have the right permissions.

- ☐ I confirm that I have permission to share any photos included, including consent from pupils' parents or guardians where children are identifiable. I give consent for The Schools' Observatory and Liverpool John Moores University to use these images on their website.

Please email this form (and any extra resources or images)
to: SchoolsObs@ljmu.ac.uk.
