Can you spot the 5 differences?
See if you can find all the space words in the puzzle below.

- earth
- exoplanet
- galaxy
- jupiter
- mars
- mercury
- moon
- national
- neptune
- observatory
- planet
- saturn
- schools
- space
- star
- telescope
- uranus
- venus
Draw the pictures in the right squares to complete these astro-doku puzzles. Each picture can only appear in a column and row once.

LEVEL 1

LEVEL 2

Take photos of your completed puzzles and #ShowTheNSO on social media, you can tag us too @SchoolsObs

Don’t worry if you get stuck, we will be posting the answers next week!
